

Campaign for Kids Application for Funding

Innovative and Preventative Programming

The directors of the Campaign for Kids Foundation Board have established a fund to financially assist organizations, social agencies and other community groups to implement programs for at risk and disadvantaged children and youth in Kings County. This fund is designed to support the development of programs that are innovative and preventative in nature. Therefore preference will be given to programs that are able to demonstrate sustainability. However, new components, supplementary or auxiliary programs, or extensions of the program may be considered for funding in future years.
